- Q.11 Jury Presidents, Observers, Referees 2016/ Presidents du Jury, observateur, arbitre;*
- Q.12 Miscellaneous/Questions diverses*

**Q. 1** - Marco Bolzonello welcomed everyone to the meeting and thanked everyone for work in 2015.

**Q. 2** The Minute were approved with the amendment mentioned by Mr Sasvari concerning a surname not correct.

**Q3** Analysis and balance of 2015 Enduro Championship.

Report were given from:

Rd 3 – Finland. JP John Collins reported that the course was very hard and some decisions had to be taken on Day 2 to shorten the event.

The results were homologated. The Final of 2015 will be held next week in Germany and the Commission shall approve these results and homologate the Championship at brief meeting in Germany.

#### **Q4: European Enduro 2016. Regulations and calendar**

Small changes to the regulation made in the Malta meeting were confirmed. It would also be written that the winners of Trophy for Nations ( National & Junior & Women perpetual ) who were presented with trophies were responsible for returning these trophies in good time to the organizer of the Final the following year.

There was discussion about extending the overall time limit for Women & Veterans to 60mins should the track become very difficult. The decision was that the existing regulation remain, but to recommend to organizers that in this circumstance the number of laps and allocated schedule times be adjusted, and could be different from other classes caused by delays in the dates of the World Championship, the ISDE and needs of our promoters.

2016 Calendar: The calendar was confirmed as below. The difficulties caused by delays in the dates of the World Championship, the ISDE and needs of our promoters were noted.

The calendar was confirmed as:

12-13 MARCH 2016	ITALY -Donoratico		FMI			
26-27 MARCH	FRANCE -Brioude		FFM			
30-31 JULY	LATVIA -Ogre		LaMSF			
28-29 OCTOBER	NETHERLAND -Harfsen		KNMV	FINAL & Trophy for Nations		

**Q5: Analysis and balance of 2015 Extreme Enduro FIM Europe Cup.** Unfortunately the last round (Germany) was cancelled due to lack of authorities permissions. The last round was the “Battle of Viking”, in Sweden, and Mr Svensson reported that the race was very good, but there were very few foreign riders. The results were approved and also the standings of the Cup were homologated.

#### **Q.6 Extreme Enduro Cup 2016: Regulations & Calendar**

The small changes made to the regulations in Malta were confirmed and the calendar approved

2016 Extreme Enduro Calendar:

10 JAN	GREAT BRITAIN- Bradford/Leeds		ACU			
22 MAY	PORTUGAL		FMP			
26 JUNE	ROMANIA-Valea Prahovei		FMR			
23-24 JULY TBC	SWEDEN-		SVEMO	Battle of Wiking		

#### **Q. 7 Analysis and balance of 2015 Bajas**

Rd 4 Hungary: JP Arturs Robesznieks reported a good event, which had been combined with both FIM and FIA. There was good co-operation between all the Championships with no major problems.

Rd 5: Portugal: JP Sandor Sasvari reported on the event: There were only a small number of FIME riders. The Race were very good.

Results of the events were approved and the standings of Championship were homologated.

#### **Q.8 Baja Regulations and date 2016**

The question concerning Bajas European Championship is always open for discussion, the number of riders is not growing, but nevertheless there is interest from several organizers. The promoter, in a note reported by Bolzonello, calls for greater collaboration from anyone involved in Bajas and asked that Commission

members and their FMN's try to speak with and encourage their riders and each country send information out about the Baja Championship.

After extensive discussion, the decision was to continue with the Championship for 2016, but with entry fees of riders reduced.

The small regulation changes made in the Malta meeting were confirmed along with some small changes recommended by the Promoter.

Mr Sasvari remarks that Mr Fossà, as the promoter, should attend the prize presentations. The Bulgarian round was awarded on the recommendation of the BMF who supported the organizers.

Calendar 2016

12-13 March	HUNGARY - Kecskemet/Bugac	MAMS	Bugac Kupa
24-26 JUNE	ITALY-Pordenone	FMI	Italianbaja (with Fim)

5)	23-25 SEPTEMBER	BULGARIA-Samokov	R. Svensson
<b>SNOWMOBILE ENDURO CUP</b>			
1)	11-12 MARCH	FINLAND - Kemijarvi	A. Robeszknieks

#### **Q. 10 Miscellaneous:**

Various the questions touched:

- 1) Annexed to the Final Enduro 2015, to regulate the prologue;
- 2) Issue utv / ssv bajas races;
- 3) Camera helmet;
- 4) Licenses for FIME CUPS.
- 5) Superenduro Fime Cup

Under p. 1, the Commission has drafted an annex to the SR that make up the rules for the prologue of the 2015 Final.

Thanks to the presence of FIME Vice President Mr. Martin de Graaf and of Mr. Oriol Bultó, Fim CTI Director, there was debate on items 2, 3 and 4, and useful information and explanations were given

P. 2: For 2016 UTV / SSV will also be a class on FIME Bajas Championship. FIM will clarify rules and in the meantime the situation for these vehicles is that they are considered by European standards as motorcycles.

P. 3: Mr. Bultó clarifies that, for safety reasons and helmets homologation the use of cameras on the helmets, or on riders, body cannot be allowed. Cameras may only be placed on the bike.

P. 4: For Fime Cup, which are regarded as promotional events, an International license should not be required and a rider's National license is valid. The Commission's view is that the priority must be the insurance coverage of the rider. Mr de Graaf and the Fime MC will evaluate the issue and subscribed to the promotional aspect.

P. 5: On December 5, together with the FIM Super Enduro WC, will be organized organizes a Super Enduro Fim Europe Cup, open to 32 riders of European FMNs. The SR were approved. The Commission decided that the FIM rules could be used even for FIME Cup, and will be applied by the referees appointed by FIME. This Referee will have the functions and duties provided for in Article 066.3.5.1 FIM SE Code. In addition: It was confirmed that a rider who compete at the FIME Cup cannot also compete in the FIM SE WC.

Mr. Collins has also opened the question of the medical plan in an Enduro race, with recommendations on the number of doctors, paramedics, ambulances. The distance to the nearest hospital from the competition venue was also important. Careful discussion was made by the Commission, noting that the organizational experience and what is being done at present is, in principle, suitable. It was noted that there is quite a diversity in National laws in this regard.

There being no others miscellaneous questions.

The President Mr Bolzonello thanked everyone, and especially Mr Collins for the secretarial support at any meeting, and the whole Commission for past work and excellent co-operation and communication throughout the year. The meeting closed at 5 pm.

The Chairman

M: BOLZONELLO

The Secretary of the meeting

J. COLLINS

Bolzano, 2nd November 2015
