Repsol CEV FIM Road Racing International Championship

Dear Sir or Madam,

The FIM would like to inform you about the Riders' licences for the following FIM Road Racing Championship:

«Repsol CEV FIM International Championship»

As previously announced, this new Championship is a promotional Championship.

The FIM and the promoter (Dorna) wish to give their support to the participants. The Riders' licences (annual or one event) will therefore be given free of charge to the riders during the administrative controls of each meeting.

However, in order to obtain this licence free of charge and to take part in the races, the riders have to present themselves with their national licences for the current year and the start permission of their national federations.

We remain at your disposal for any additional information that you may require.

With best regards.

Ignacio VERNEDA
EXECUTIVE DIRECTOR, SPORTS
