The FIM, during its General Assembly held on 22 November, decided that as from 2015 the Moto3™ category would become the FIM CEV Repsol Moto3™ Junior World Championship. Also, by agreement with FIM Europe, the Moto2™ and Superbike categories will be part of the European Championship from the same date.

With this new arrangement, the FIM CEV Repsol will help to break down national barriers even further and constitute a quantum leap in the search for young riders of any nationality who are ready to make their mark in road racing at international level.
