1. CIRCUIT INFORMATION

Aerial photo from the Circuito de Navarra

Distances from the main cities:

Pamplona: 63,7 Kms	Zaragoza: 164 Kms	Burdeos: 283,98 Kms
Barcelona: 471 Kms	Bilbao: 165 kms	Oporto: 556,16 Kms
Vitoria: 67,5 Kms	Biarriz: 186 Kms	Logroño: 34,2 Kms
San Sebastian: 142 Kms	Madrid: 356 Kms	Lisboa: 726,02 Kms

The real focus of the Six Days 2016, the modern **Circuito de Navarra**, is located on the outskirts of Los Arcos, on the road A-12. It was inaugurated in June 2010 and it contains a speed, an autocross and Off-road tracks, five parking areas with a total capacity of 8500 vehicles, 32 boxes, press room, assembly hall, museum, commercial area, medical centre, 41K square meter paved paddock, bar, restaurant and terraces.

How to arrive:

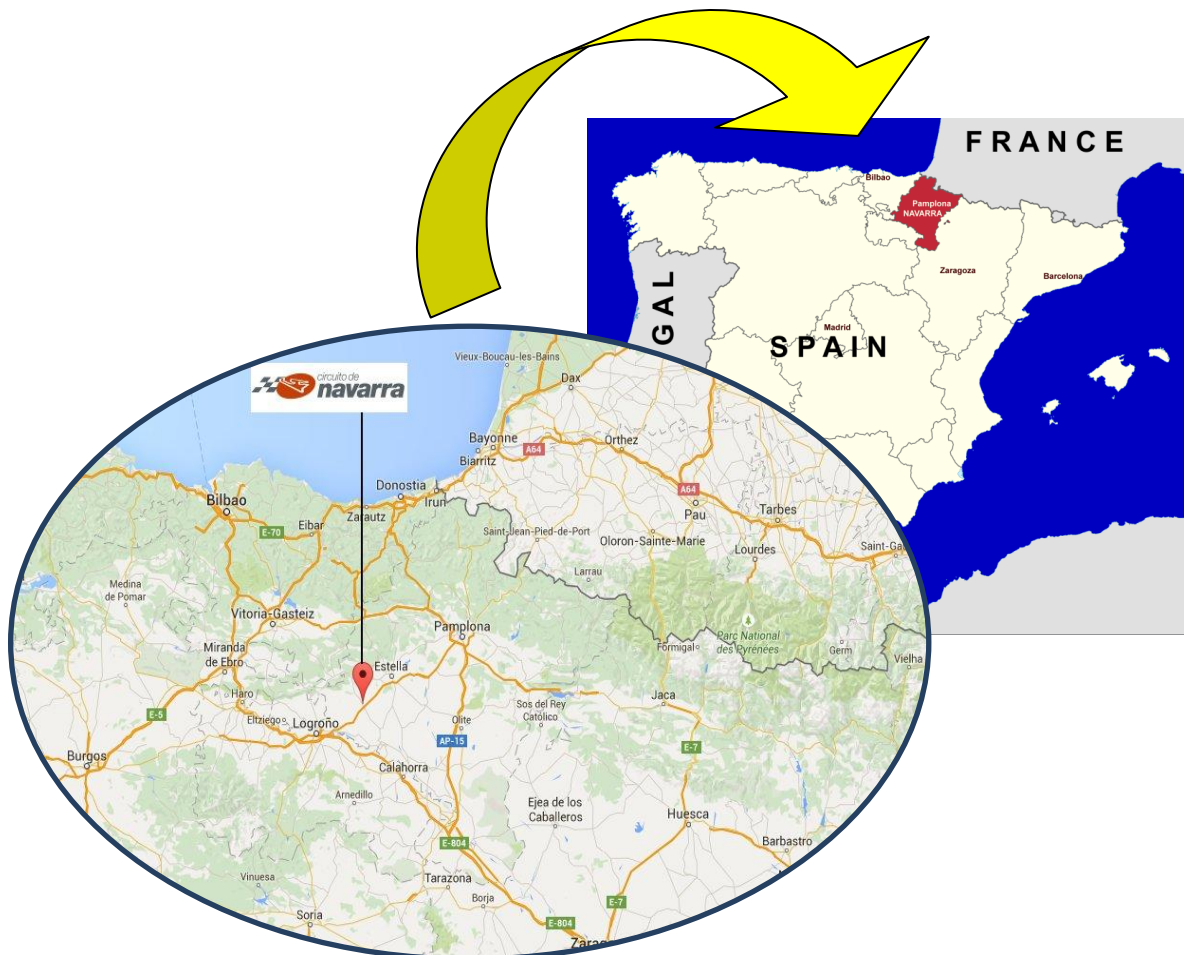

The Circuito de Navarra is placed in the new part of the highway called "Autovía del Camino", which stretches from Pamplona to Logroño, between Estella and Viana. Specifically on the crossroads between N-111 and NA-129 (Exit number 58).

The main access road is from exit 58 arriving from Autovía del Camino A-12 (Pamplona-Logroño), towards NA-1110/Sesma.

At the roundabout, you must take the second exit towards the Circuit.

Once in the Industrial park "Polígono La Perguita", go straight ahead until finding a false roundabout.

Once after that, you access the main road to the facilities.

2. TRAVEL AGENT

Altamarca Spain is the official Travel Agent of the FIM ISDE 2016 and controls a capacity of 1200 beds in a 30 kms area around the Circuit.

Altamarca Spain has prepared a document for Teams that includes a wide range of Hotels in different locations and quality standards.

Find the information in the link: <http://www.fim-isde2016.es/en/accomodation/>

Altamarca Spain also books flights and car hire. The aim is to define interesting and competitive prices to make all teams' life easier.

CONTACT PERSON:

Ms. Victoria RAMOS

Phone: 0034 935 100 480

Email: victoria@fim-isde2016.es

3. FREIGHT

AG Sport Events Logistics is a logistics supplier focusing on international teams, specially with Overseas necessities, in order to define the best offers to FIM ISDE 2016 competitors. AG will coordinate logistic and customs operations of all technical material (motorbikes, spares, professional equipment...) that both teams and individual pilots, aimed to realize a safe shipment of all the items and goods needed in order to participate at the event.

ATA Carnet

If your country of origin is included in the attached list, you have to get in contact with your local Chamber of Commerce in order to obtain an ATA CARNET document. You can also check the list of Countries included in the ATA Carnet agreement in the following link:

<http://www.atacarnet.com/carnet-countries>

If your Country of origin is not included in the list of ATA Carnet Countries, you shall import the entire material needed for the race through a Temporary Import.

The material needed in order to participate at the ISDE 2016, can be shipped in two different ways, depending on your preferences:

By air: **MADRID BARAJAS INTERNATIONAL AIRPORT (SPAIN)**

By sea: **VALENCIA PORT (SPAIN)**

Once your material will be at MADRID BARAJAS INTERNATIONAL AIRPORT or VALENCIA PORT, AG will take care to handle the import Customs clearing in Spain and deliver it to the event location. AG will also take care of the re-export Customs clearing from Spain and the shipment of your material back to your Country after the event.

Please note: no later than **15th of July** for Sea shipments and no later than **06th of September** for Air shipments.

Ag Sport Events Logistics recommends using proper crates.

AG Sport Events Logistics will not be liable for any damages caused by insufficient packing.

More information about Freight in the following link: <http://www.fim-isde2016.es/en/freight/>

CONTACT PERSON:

Ms. Priscilla FILIPPINI – Freight:

Phone: 0034 902 266 664
0034 963 312 646

Email: freight@fim-isde2016.es

4. PADDOCK

PADDOCK RULES:

- Passes will be issued by the Organization
- Not permitted to drive along the facilities without passes provided by the organization
- Not permitted to drive recklessly along the paddock, i.e. either driving at a high speed, or not giving way to pedestrians, or surpass the legally allowed velocity.
- Not permitted to drive cars non- according to the technical legislation
- Not permitted to exchange passes and accreditations
- Not permitted the access of pets
- It is forbidden to cook at the pits and working area

Scoters are no longer allowed in the Working Paddock.

Only dedicated vehicles for tyres & technical equipment will be allowed (no quads, no golf carts, no light trucks)

Please make sure to park on a correct position & area.

For safety reasons, small motorized vehicles such as pocket bikes, motorized skate-boards & push scooters or any customized vehicles are forbidden in the entire circuit.

There will not be Paddock B during FIM ISDE 2016.

Thank you in advance for following these basic safety rules which will help the organization to keep everybody safe

USE OF CIRCUIT FACILITIES

- It is absolutely forbidden to paint, drill and in general to misuse the facilities (paddock, walls, installations, etc.).
- The organization may provide concrete blocks to the teams to fix tents
- It is compulsory to use plastic or similar material covers for the floor within the working tents
- It is the team responsibility to remove used tyres once the event is finished and deposit the oils, rags, or spare parts inside the bins provided for that use
